APPORTIONED REGISTRATION MANUAL

This manual is a guide to obtaining apportioned registration for carriers based in Michigan. This guide gives the basic information needed to apply for registration and license plates. If you have a unique situation not covered in these instructions, contact the IRP office for assistance.

OFFICE LOCATION

The IRP Unit may be contacted as follows:

Mailing Address:

Michigan Department of State
IRP Unit
P.O. Box 30029
Lansing, MI 48909

Office Location:

Department of State Building
State Secondary Complex
7064 Crowner Drive
Dimondale, MI 48821
Phone: (517) 322-1097
Fax: (517) 322-1058

Office hours are 8:00 a.m. to 4:45 p.m., Monday, Tuesday, Thursday, and Friday; and 9:30 a.m. to 4:45 p.m., Wednesday.

Same-day service is available for most transactions received by 3:00 p.m., **with these exceptions:**

- Applications containing large numbers of vehicles may not receive same-day service.
- Same-day service for walk-in customers may not be available during the renewal period.

All IRP transactions, including payments, must be processed by mail, online, or in person through the IRP office listed above. IRP plates and cab cards are only issued through the IRP office in Lansing.

APPORTIONED REGISTRATIONS**SUMMARY**

The International Registration Plan (IRP) is a program for licensing commercial vehicles (trucks, trailers, and buses) in interstate operations among member jurisdictions (states or provinces). The member jurisdictions of IRP are all states (except Alaska and Hawaii), the District of Columbia, and the Canadian provinces (except Yukon and Northwest Territory).

Under this program, an interstate carrier files an apportioned registration application in the state or province where the carrier is based (the base jurisdiction). The fleet vehicles and the distance traveled in each jurisdiction where the carrier intends to operate are listed on the application. The base jurisdiction collects the full license registration fee. They distribute the fees to the other jurisdictions based on the percentage of distance the carrier will travel, or has traveled in each jurisdiction. The base jurisdiction also issues a license plate showing the word "apportioned" and a cab card showing the jurisdictions and weights for which the carrier has paid fees.

The apportioned plate and cab card are the only plate registration credentials needed to operate in member jurisdictions. These registration credentials allow the carrier to operate both intrastate and interstate in all jurisdictions listed on the cab card. (Check with the Michigan Public Service Commission (MPSC) and the Michigan Department of Treasury for other necessary credentials in Michigan.)

FEE COVERAGE

The fees you pay for your base apportioned plate and cab card are only the license plate and registration fees due for the jurisdictions printed on your cab card.

The IRP fee does not include the following:

1. Motor fuel taxes or fuel permit fees.
2. Permits to exceed the maximum length, width, height, or axle limitations.
3. Any operating authority required by any state or province.
4. Registration or license fees of states or provinces that are not IRP members.
5. Any special permits that are required by individual jurisdictions.

Addresses and telephone numbers of IRP jurisdictions for permits or operating authority are in [Appendix E](#) of this manual.

WHO MUST OBTAIN AN IRP REGISTRATION

You must obtain apportioned registrations for your fleet if you intend to operate in Michigan and any other IRP jurisdiction, AND the vehicle:

- Is a power unit with two axles and a gross vehicle weight or registered gross vehicle weight in excess of 26,000 pounds; or
- Is a power unit with three or more axles, regardless of weight; or
- Is used in combination, when the weight of such combination exceeds 26,000 pounds gross vehicle weight.

Vehicles or combinations thereof, with a gross vehicle weight of 26,000 pounds or less and two-axle vehicles and buses used in transportation of chartered parties may be proportionally registered at the option of the registrant.

In Michigan and most other jurisdictions, power units are the only vehicles that must have apportioned registrations.

A fleet shall be considered never to have been apportioned if the registrant has neither owned or leased apportioned vehicles during the 18 months prior to the date of its application for apportioned registration, nor accrued actual distance by operating apportioned vehicles in any member jurisdiction during the reporting period.

IRP EXEMPTIONS

These vehicles do not need an apportioned registration:

1. Government-owned vehicles.
2. City pick-up and delivery vehicles.
3. Buses used to transport chartered groups.
4. Recreational vehicles.
5. Vehicles displaying a restricted plate that is recognized under other reciprocity agreements.

HOW FEES ARE APPORTIONED

Following is an *example* of how the registration for a Michigan-based power unit might be apportioned:

The operator of this unit drives in Michigan, Indiana, Illinois, and Wisconsin and drives 25,000 miles per year in each jurisdiction, for a total annual distance of 100,000. The operator chose the gross vehicle weight of 80,000 pounds for each jurisdiction. Under the International Registration Plan, the license fee would be computed as follows:

	Distance in Jurisdiction	Percentage of Total		Full year fees for Jurisdiction		Apportioned Fee
Michigan	25,000	25%	X	1,660.00	=	415.00
2 nd Jurisdiction	25,000	25%	X	1,457.00	=	364.25
3 rd Jurisdiction	25,000	25%	X	2,790.00	=	697.50
4 th Jurisdiction	25,000	25%	X	1,987.50	=	496.88
Total	100,000	100%				\$1,973.63*

**The above example does not reflect actual fees in particular jurisdictions.*

PARTIAL PAYMENT OPTION

Michigan allows you to make a partial payment on 12-month invoices only. This option is only available to accounts that are in good standing. The partial payment consists of all the fees due to the other jurisdictions, and 50(%) percent (half) of the amount due to Michigan. A \$10 service fee per vehicle is indicated on the invoice and must be paid with the first payment.

If you make a partial payment, you are legally responsible for the second payment. Payment is required whether or not the vehicle is still in service or existence, or whether the carrier is in or out of business.

Using the table below, locate your expiration month to determine when the second half of your Michigan fees is due.

PLATES EXPIRE	PARTIAL PAYMENT DUE
June 30	January 1
September 30	April 1
December 31	July 1
March 31	October 1

PENALTY FEE: Public Act 159 of 2011 provides a penalty for any partial payment account that is not paid in full within 180 days after date of purchase.

If any IRP installment amount is outstanding and unpaid by the due date, the following **will be imposed** as a penalty:

If a person is late once in paying the balance:

- 25% of the balance will be added to the amount owed.
- All vehicle registrations in your account will be suspended.
- A statement of the balance and penalty due will be sent to the Department of Treasury for collection.

If a person is late twice in paying the balance within a 2-year period:

- 25% of the balance will be added to the amount owed.
- You will not be able to use the partial payment plan for the following two registration years.
- All vehicle registrations in your account will be suspended.
- A statement of the balance and penalty due will be sent to the Department of Treasury for collection.

INSURANCE REQUIREMENTS

Whether you are obtaining your first apportioned plate, or renewing an existing plate, you must provide proof that your vehicle has Michigan No-Fault Insurance for public liability and property damage. This insurance is separate from your cargo. The minimum coverage requirements are \$20,000/\$40,000 public liability and \$10,000 property damage, or single limit coverage of \$50,000.

Proof of Michigan No-Fault Insurance must be submitted with your application. Your insurance agent or company should provide this proof to you. The proof must show the following information:

- 1) **The insurance is written specifically as a Michigan policy (other jurisdictions' no-fault laws are not the same as Michigan and will not be accepted);**
- 2) **Name of the insurance company issuing the coverage;**
- 3) **Name of the person or company covered by the policy;**
- 4) **Vehicle covered (year, make, and vehicle identification number);**
- 5) **Beginning and ending date of coverage; and**
- 6) **Policy number.**

Individuals, companies, and corporations may post a bond with the Michigan Department of State to self-insure their vehicles. When approved, a certificate valid for one year will be issued certifying the self-insurance. This certificate is the proof of insurance. **If the insurance is in a name other than the registrant, a copy of the lease agreement is required.**

VEHICLE WITHDRAWN; DISPOSITION OF FEES

If a vehicle is withdrawn from an apportioned fleet during the registration period, you must notify the IRP Unit. If you want to cancel your plate, you must send a letter, along with the plate and cab card, to the IRP Unit.

The State of Michigan does **not** refund fees for withdrawing a vehicle from a fleet unless one of the following conditions exists:

- You must transfer or assign title or interest in a registered vehicle before placing the plate or tab on the vehicle. You must apply for a refund within 30 days of the sale of the vehicle.
- The owner of the vehicle dies. The surviving spouse may apply for a refund for the time remaining on the license plate.
- If your driver license is suspended because of a physical/medical reason.

If one of the above conditions does not exist, you will not receive a refund or credit for the vehicle. However, you may receive credit if you transfer the plate to another vehicle. You are encouraged to keep the plate and the cab card so that you can transfer the plate to the other vehicle during the registration year.

When you transfer the plate to another vehicle, you **must** submit the old cab card.

GVW PLATE CREDIT

If you currently have a valid Michigan GVW license plate, and need to purchase a Michigan IRP plate, you may turn the GVW plate in for credit. The GVW plate must be registered to the same vehicle for which you are requesting an IRP plate. **The credit will not exceed the total amount of the Michigan portion of the IRP billing notice.** You MUST turn in the GVW registration to receive credit.

You may elect to receive a refund for a Michigan GVW license plate. To do so, you must request a refund by sending a letter stating the reason for the refund and include the GVW license plate, registration, and your IRP invoice with your letter. The refund must be requested within 30 days of the IRP application. Mail the letter, license plate, and registration to:

Michigan Department of State
Finance Division
Refund Unit
Lansing, MI 48918-1422

TAX EXEMPTIONS FOR INTERSTATE TRUCKS

On July 14, 1999, Governor Engler signed into law Senate Bill (SB) 544 (PA 116). House Bill (HB) 4586 (PA 70) was previously signed into law on June 25, 1999. This legislation provides a full (non-apportioned) sales and use tax exemption to interstate motor carriers for the sale, purchase or lease of rolling stock made after April 30, 1999. This exemption applies to qualified trucks, a trailer designed to be drawn behind a qualified truck, and parts affixed to either a qualifying truck or trailer. These items are collectively defined as “rolling stock.” Previous exemptions had expired April 30, 1999.

- “Qualified truck” is a commercial motor vehicle power unit with 2 axles and a gross vehicle weight rating (GVWR) over 10,000 lbs., or a commercial motor vehicle power unit with 3 or more axles. A “qualifying trailer” is one designed to be drawn behind a “qualified truck”.
- An “interstate motor carrier” is a person in the business of carrying persons or property, other than themselves, their employees, or their own property, for hire across jurisdiction lines and whose **fleet distance was driven at least 10% outside of Michigan in the immediately preceding tax year.** In computing fleet distance, trucks used solely in one jurisdiction (intrastate) cannot be counted.

HEAVY VEHICLE USE TAX (IRS FORM 2290)

The U.S. Internal Revenue Service requires all jurisdictions to verify proof of payment or exemption from the Federal Heavy Vehicle Use Tax before registering vehicles at 55,000 pounds gross vehicle weight or above. For Michigan-based vehicles, this verification is required for all vehicles with a GVW of 60,000 through 160,001 pounds.

Heavy Vehicle Use Tax may be due on your newly purchased vehicles. If you have just purchased another vehicle, you should contact the IRS to get information on any Heavy Vehicle Use Tax that may be due. To register or renew your vehicle for IRP, proof of payment or exemption from Heavy Vehicle Use Tax must be submitted. This proof may be:

- A copy of your validated Schedule 1 (IRS Form 2290). A photocopy is acceptable because this form will be kept by the Michigan Department of State, **or**
- A copy of your validated IRS Form 2290 Schedule 1 printed from the IRS website. Valid copies show an electronic watermark.
- A copy of your canceled check (front & back).

Note: Electronic Payment receipts from the EFTPS website cannot be used as proof of HVUT payment.

YOUR APPLICATION WILL NOT BE PROCESSED WITHOUT THE REQUIRED PROOF OF, OR EXEMPTION FROM, THE HEAVY VEHICLE USE TAX.

The IRS Heavy Vehicle Use Tax period runs from July 1 to June 30 each year. Vehicle owners who need a Form 2290 for submitting their Heavy Vehicle Use Tax to the IRS can acquire forms from the IRS website at: <http://www.irs.gov/formspubs>.

If you have any questions about the Heavy Vehicle Use Tax, contact a local Internal Revenue Service office.

WEIGHT VARIANCE

It is necessary to submit supporting documentation for any vehicle when the highest and lowest gross vehicle weights for registered jurisdictions vary by 10(%) percent or more. You may be rejected or denied registration for those vehicles if the variance does not reflect actual operating practice.

ROAD TRACTORS

When registering a Road Tractor (Mobile Home Toter), you will need to report your unladen weight and your gross vehicle weight. Michigan charges fees using the unladen weight, but other IRP jurisdictions charge fees using the gross vehicle weight that is indicated.

If you are pulling a modular home on a trailer, you must register the vehicle as a tractor with the gross vehicle weight (GVW).

FLEET-TO-FLEET VEHICLE TRANSFERS

You are allowed to transfer vehicles from one fleet to another. However, the following jurisdictions will not give you any credit on a fleet-to-fleet transfer:

California
Connecticut
Louisiana
Montana

Oklahoma
Prince Edward Island
South Dakota
Tennessee

Wisconsin
Washington

RENTAL VEHICLES

Base jurisdiction requirements are the same for rental vehicles as described for IRP vehicles. However, if a rental carrier no longer meets the requirements of the established place of business and base criteria, they will be allowed to remain in Michigan for the remainder of the registration year.

RENTAL PASSENGER VEHICLE CALCULATION

To allocate and register these vehicles:

1. Divide the gross revenue received in the preceding year for use of such rental vehicles arising from passenger car rental transactions occurring in your jurisdiction by the total gross revenue received in the preceding year in all jurisdictions in which such vehicles are rented. The resulting percentages shall be applied to the total number of passenger cars that shall be fully-registered in each jurisdiction during the first quarter of each registration year.
2. If equipment is added to the fleet after the first day of any licensing year, the same percent used at the beginning of that licensing year shall be used in determining the number of additional vehicles subject to registration in each jurisdiction's particular quarter.

Each year a list of license numbers and purchase dates must be prepared and maintained. For auditing purposes, these records should be kept for the current registration year and for the three prior reporting years.

RENTAL TRAILERS AND SEMI-TRAILERS (POOL FLEETS)

To allocate and register trailers and/or semi-trailers over 6,000 pounds GVW, and used solely in pool fleets:

1. Divide the gross revenue received in the preceding year for the use of such rental vehicles arising from rental transactions occurring in your jurisdiction by the total gross revenue received in the preceding year in all jurisdictions in which such vehicles are rented.
2. The resulting percentages shall be applied to the total number of vehicles owned and/or operated in such fleet on the first day of each registration year, and these figures shall be the number of rental pool fleet trailers and/or semi-trailers that shall be fully registered in each jurisdiction during the renewal period of each registration year.
3. If equipment is added to the fleet after the first day of any licensing year, the same percentage used at the beginning of that licensing year shall be used in determining the number of additional vehicles subject to registration in each jurisdiction during a particular year.

A listing of license numbers and dates purchased and/or renewed must be prepared and maintained. Such registration records and canceled checks representing payment of pool fleet trailer license plates purchased and/or renewed, shall be available for audit. For audit purposes, these records should be kept for the current registration year and the three prior reporting years.

ONE-WAY RENTAL VEHICLE FEE CALCULATION

Owners of trucks less than 26,000 pounds gross vehicle weight operated as part of an identifiable one-way fleet will allocate vehicles to the respective jurisdictions based on the distance factor shown below and fully plate these allocated vehicles in such jurisdiction. All trucks of such one-way fleets so qualified will be allowed to perform both intrastate and interstate movements in all jurisdictions.

Fleets of one-way rental vehicles (trucks) are apportioned much the same way as apportionable fleets (regular trucking operations) operated by the trucking industry. Like the trucking industry, records of vehicle movement (distance records) are maintained in order to develop a record of total distance and individual jurisdiction distance. The only difference between one-way rental fleets and other apportionable fleets is the method of paying the apportioned fees due. Fees due on one-way rental vehicles are paid by the allocation of units to be fully licensed in each jurisdiction. For example, if 2 percent of the total fleet distance is operated in Arkansas, 2 percent of the one-way vehicles will be fully plated in Arkansas. Each jurisdiction shall grant reciprocity to any one-way rental vehicle fully plated in another jurisdiction. The following procedures should be used when determining fees due by a one-way rental fleet:

1. Check the distance schedule submitted with each one-way rental fleet to verify the total distance operated in all jurisdictions.
2. Determine the percentage of distance in your jurisdiction by dividing the number of distance generated in your jurisdiction by the total number of distance operated (total distance).
3. After counting the number of units in a particular gross weight category, multiply that figure by the percentage obtained in step 2. The result is the number of units to be fully licensed in your jurisdiction. The balance of the units will be licensed in other jurisdictions based upon the percentage of distance in each.
4. Count the number of units the one-way rental company has designated to be fully licensed in your jurisdiction. This amount should be the same as the figure obtained in step 3.
5. Issue license plates and cab cards at the full fee for the vehicles designated to be registered in your jurisdiction.

RENTAL UTILITY TRAILER ALLOCATION

Owners of utility trailers 6,000 pounds gross vehicle weight and under, engaged in the business of renting such trailers for use in a jurisdiction shall register a number of trailers equal to the average number of such trailers rented in or through the jurisdiction during the preceding year.

III

APPLICATIONS

HOW TO APPLY

Application forms are available from the IRP Unit, Michigan Department of State, P.O. Box 30029, Lansing, MI 48909-7529, or by telephoning (517) 322-1097. Forms are also located on the State of Michigan web site at www.Michigan.gov/sos. Choose the IRP option under Other Business Services. Instructions for completing the form are found later in this booklet.

Michigan IRP has a quarterly registration program. Following are the expiration dates and enforcement dates with no grace period (see [page 15](#) regarding staggered registration):

EXPIRATION DATE	ENFORCEMENT DATE
September 30	October 1
December 31*	January 1
March 31	April 1
June 30	July 1

** The December 31st renewal option is currently not available for new accounts or new fleets.*

To have your registration credentials mailed to you before your plate(s) expire(s), you **must**:

- **File your application for (or renewal of) apportioned registration at least 45 days before the expiration deadline.**
- **Pay your fees at least 10 days before the expiration deadline.**

IRP ONLINE SERVICE

Michigan IRP offers an online service through our State of Michigan website at www.Michigan.gov/irp. This is a new service that allows carriers to log into their IRP accounts online to process their renewals, add and delete vehicles, transfer plates, request duplicate cab cards, add jurisdictions, and change weight on vehicles. Payment online is also available through the website above.

To request access to the Michigan IRP Online system visit www.Michigan.gov/irp or contact the IRP unit at (517) 322-1097 for more information.

ORIGINAL APPLICATIONS

In order to obtain an apportioned registration, the following forms must be submitted:

1. A Michigan IRP Schedule A/C (equipment description and list of jurisdictions where apportioned registrations are needed).
2. A Michigan IRP Schedule B (distance schedule).
3. Proof of payment of the Federal Heavy Vehicle Use Tax (see [page 9](#)).
4. Proof of Michigan No-Fault Insurance (see [page 7](#)).
5. Copy of the Michigan title or validated Michigan title application or copy of the out-of-state title.
6. Your choice of expiration dates. The expiration date must be at least six months from your registration date. In other words, you cannot register for less than six months.

All original applications must be processed in person at the Lansing office.

Please Note: *Even though an application has been filed, the vehicle is not legal to operate in Michigan or any other jurisdiction without a trip permit or a temporary authorization in place of the apportioned registration.*

RENEWALS

The IRP Unit sends a computer generated renewal application to each registrant. You will receive a separate application for each fleet registered in your name.

This application contains the following information:

- Fleet information (name, address, type of operation, commodities hauled, etc.; each fleet must have the same registrant name).
- Vehicle information (fleet number, year, make, vehicle identification number, unladen weight).
- Weight schedule (IRP jurisdictions and weight limits currently registered).

When you receive your application, update the information by deleting any vehicles no longer in your fleet, and by adding any vehicles not shown. If vehicle ownership has changed, correct it on the application and send a photocopy of the title or validated title application (for vehicles titled out of state, a copy of the original title or copy of the validated title application is required.) Update jurisdictions and weights to meet your needs for the upcoming year.

For the 2012 registration year you must complete a new distance schedule showing the actual distance you traveled during the reporting period (July 1, 2010 through June 30, 2011). You must indicate the actual distance if your account was open on or before June 1, 2011. If your account was opened after April 2, 2011, you may use estimated distance without penalty.

Your distance schedule will not be amended just to lower your bill.

If you think the distance you submitted was incorrect, you may request an audit. However, your audit will be added to the normal audit rotation period.

You must keep records of the distance traveled in each jurisdiction and the total distance traveled. These records must be available for audit for five and one-half (5 1/2) years. See [pages 26 and 27](#) for more detail about audits and records you must keep.

TO RENEW, COMPLETE IN DETAIL AND RETURN ALL PAGES OF THE ORIGINAL COPY OF THE RENEWAL FORM, AND MAKE A COPY FOR YOUR RECORDS. Proof of Michigan no-fault insurance, proof of IRS Heavy Vehicle Use Tax payment or exemption, and a validated title application or title for newly added vehicles must be included. If the insurance is in a name other than the registrant, a copy of the lease agreement is also required.

After we process your renewal application, we will send an invoice to you. When you receive this invoice, send your check (made payable to "State of Michigan") and the original (top) copy of your invoice back to us as soon as possible. Your new cab card and a registration tab for your license plate will be sent to you upon payment receipt.

To obtain your credentials before the expiration date, your application must be received 45 days prior to the expiration date, and your payment received 10 days prior to the expiration date. If you submit your forms or payments later than recommended, your plate(s) may be expired before you receive your registration documents. (See chart on next page.)

EXPIRATION DATE	RENEWAL DUE IN IRP OFFICE	PAYMENT DUE IN IRP
September 30	August 14	September 20
December 31	November 7	December 21
March 31	February 14	March 21
June 30	May 14	June 20

STAGGERED REGISTRATION

Michigan has a staggered renewal system for the International Registration Plan (IRP). This system is a result of Public Act 29 of 1992, which became law with the support of the trucking industry.

The expiration dates are September 30, December 31, March 31, and June 30.

If you have more than one fleet in your IRP account, the expiration dates may be staggered on the different fleets. Currently, the IRP Unit is not accepting new fleets for the December 31st expiration date.

To be eligible for the partial payment option, the registration must be valid for at least 12 months and your account must be in good standing. See [page 6](#) of this manual for more information.

INSTRUCTIONS FOR SCHEDULE A/C - APPLICATION

Please type or legibly print all information.

Fleet Information

- Expiration Date -** If the application is for a new account or new fleet, enter the expiration date you wish the plates to expire on (see [page 12](#)). *Currently, the IRP Unit is not accepting new fleets for the December 31st expiration date.*
- Account Number -** Enter your 5-digit IRP account number as assigned by the Michigan IRP Unit. If you have not been assigned a number, leave this area blank. A permanent IRP number will be assigned.
- Fleet Number -** If more than one fleet is submitted under the same company name, enter 01, 02, etc., as the fleet number.
- Supplement Number -** For Department of State use only.
- License Year -** For Department of State use only.
- Name of Registrant -** Enter either the full name of the operating carrier or the name under which you do business.
- Business Address -** This address is where you have an established place of business, maintain the fleet operational records and accrued distance. The business address has two requirements:
- **It must be in Michigan; and**
 - **It must be a street address and cannot be a post office box only. Your plates will be sent to this address (shipped UPS if 6 or more plates). New account registrants will be required to submit proof of residency.**
- Mailing Address -** Use the address where you normally receive your mail. All letters about your account will be sent to this address. A post office box is acceptable here.
- Person to Contact -** Indicate the person to contact regarding the application and the contact telephone number.
- Reason for App. -** Please check the appropriate box (es).
- Weight Information -** When opening a new account, making a new fleet, or adding an IRP jurisdiction, it is necessary to record the gross vehicle weight that you will be operating with (Schedule A/C of your application) for each IRP jurisdiction.
- If your weights between jurisdictions vary by 10(%) percent or more, please comply with instructions on [page 9](#) under Weight Variance.

Vehicle Information

Equipment Number (Required) –	Enter the unit number or equipment number you have assigned to your equipment. Each vehicle registered must have a specific unit/equipment identifier.
Year (Required) -	Enter the vehicle model year.
Make of Vehicle (Required) -	Enter the vehicle manufacturer name as shown on title. (i.e. Freightliner, GMC, Ford, etc.)
VIN(Required) -	Enter the vehicle identification number (VIN) as shown on your vehicle's certificate of title. The complete character number must be included.
Vehicle Type (Required) -	Enter the type of vehicle by using the codes shown on the lower portion of Schedule A/C. (If Road Tractor, see page 9 .)
Axles or Seats (Required) -	When registering a power unit enter the number of axles (including the steering and each axle in a tandem group). If the vehicle is a bus, enter the rated seating capacity
Colorado Fee Indicator -	If this vehicle is apportioned for the jurisdiction of COLORADO, write "N" (No) for vehicles traveling over 30,000 miles or "Y" (Yes) for vehicles traveling under 30,000 miles in a 12- month period.
Unladen Weight (Required) -	Enter the actual weight of the vehicle, including the cab, body, and all accessories needed for normal use on the highway. DO NOT INCLUDE THE WEIGHT OF A LOAD. (The unladen weight shown on your current registration may be used if it is not the combined weight of the tractor and trailer.)
Fuel (Required) -	Enter the fuel type used by the power unit. See front lower right corner of Schedule A/C for fuel abbreviations.
GVW (Required) -	Enter the highest gross weight of the vehicle or vehicle combination that is to be carried on the vehicle at any one time.
Purchase Price (Required) -	Enter the actual price you paid for this vehicle. Include any accessories or modifications made to the vehicle.
Factory Price -	Enter the manufacturer's list price of the vehicle when new, including all accessories and modifications. If not known, leave blank.
Date of Purchase (Required) -	Enter the month and year you purchased the vehicle.
Date of Lease (Required, if leased) -	For leased vehicles, enter the month and year the lease began. A copy of the lease agreement is also required when the paper work is submitted to the IRP Unit

Vehicle Information (*Continued*)

- Names of Owner(s) -** If the registrant does not own the vehicle enter the lessor's name. The name must be written as it appears on the title.
- Horse Power (Required for bus only) -** Enter the engine's horse power rating.
- Jurisdiction Titled In (Required) -** Enter the two letter jurisdiction abbreviation for the jurisdiction where the vehicle is titled.
- Submit a copy of the front and back of the title or validated Michigan title application for each vehicle added.
- Current Plate Number (Required) -** Enter the license plate number currently on the vehicle, even if the plate was not issued in Michigan.
- Jurisdiction Vehicle Previously Registered In (Required) -** Enter the two-letter abbreviation for the jurisdiction where the vehicle was registered before applying for Michigan IRP registration.

VEHICLE INFORMATION - DELETIONS

NOTE: ALL VEHICLE INFORMATION SHOULD MATCH YOUR PREVIOUS IRP APPLICATION.

- Equipment Number (Required) -** Enter the unit number or equipment number you have assigned to your equipment. It must be the same number you previously used when registering the vehicle.
- Year (Required) -** Enter the vehicle model year.
- Make of Vehicle (Required) -** Enter the vehicle manufacturer's name. (i.e. Freightliner, GMC, Ford, etc.)
- VIN (Required) -** Enter the full vehicle identification number (VIN) shown on your vehicle's certificate of title.
- GVW (Required) -** Enter the registered combined or gross vehicle weight.
- Replacement Equipment Number (Required) -** If the apportioned plate on the deleted vehicle is being transferred to a new unit, enter the unit number or equipment number for the replacement vehicle.
- Reason Removed (Required) -** Enter the reason for deleting the vehicle (i.e. sold, destroyed, junked, fleet transfer, etc.).

NOTE: To receive credit for plate fees paid on a deleted unit, another unit must be added on the same supplemental application.

THE APPLICATION MUST BE SIGNED AND DATED TO BE PROCESSED.

INSTRUCTIONS FOR SCHEDULE B - DISTANCE SCHEDULE

Fleet Information

Account Number -	Enter the 5-digit IRP account number assigned by the Michigan IRP Unit. If you have not been assigned a number, leave this area blank.
Fleet Number -	If more than one fleet is registered under the same company name, enter 01, 02, etc., for the fleet number.
Supplement Number -	For Department of State use only.
License Year -	For Department of State use only.
Name of Registrant -	Enter the full name of the operating carrier or name under which you do business.
Business Address -	<p>This address is where you have an established place of business, maintain the fleet operational records, and accrued distance. The business address has two requirements:</p> <p>--- It must be in Michigan; and --- It must be a physical street address and cannot be only a post office box. Your plates will be sent to this address (shipped UPS if 6 or more plates).</p>
Mailing Address -	Use the address where you normally receive your mail. All letters about your account will be sent to this address. A post office box is acceptable here.
Person to Contact -	Indicate the name of the person to contact regarding the application.
Phone Number -	Enter the telephone number of the person indicated above.
Insurance Company -	Enter the name of the insurance company.
Policy Number -	Enter the insurance policy number.
Beginning/Ending Dates -	Enter the beginning and ending dates of the insurance policy.
Registrant's Fax Number -	Enter the fax number if available (optional).
Reason for Application -	Please check appropriate box (es).
Operation Information -	Enter all applicable information about your operation. This box must be completed.

DISTANCE SCHEDULE

All distance figures for the 2012 registration year SHOULD be the actual distance driven between July 1, 2010, and June 30, 2011. Enter distance for every jurisdiction (including non-IRP members) through which you travel, or traveled.

Place an "X" beside each IRP jurisdiction where you intend to operate during the upcoming registration year. If apportioning in Wyoming, check the appropriate box at bottom of form. You must apportion for at least two jurisdictions, one of which must be Michigan.

Explain in detail, using the Schedule G (page 23), how you computed any estimated distance on the schedule. Only reasonable estimated distance will be accepted. If you are unable to justify your estimated distances, Michigan will estimate the mileage for you. If you were registered more than 90 days during the recording period (July 1, 2010 - June 30, 2011), and you estimate for the second time, you will be charged over 100 percent of your distance. You must show actual distance if your vehicle was registered on or before April 2, 2011, or you will pay a penalty for using estimated distance.

Enter the total of actual distance and/or estimated distance indicated on the distance schedule. You must keep records of the distance traveled in each jurisdiction and the total distance traveled. These records must be available for audit for four years. See [pages 26-27](#), for more detail about audits and records you must keep.

Once your distance has been entered into the IRP computer system, you cannot amend your distance schedule just to lower your bill.

If you think the distance you submitted was incorrect, you may request an audit. However, your audit will be added to the normal audit rotation period.

When opening a new account, creating a new fleet, or adding an IRP jurisdiction, it is necessary to record the gross vehicle weight that you will be operating with on the reverse side (Schedule A/C) of your application, for each IRP jurisdiction.

If your weights between jurisdictions vary by 10(%) percent or more, please comply with instructions on [page 9](#) under Weight Variance.

THE APPLICATION MUST BE SIGNED AND DATED BY AN AUTHORIZED REPRESENTATIVE OF THE COMPANY.

MICHIGAN INTERNATIONAL REGISTRATION PLAN – SCHEDULE G – DISTANCE REQUIREMENTS

Return to: MDOS IRP Unit, 7064 Crowner Drive, Lansing, MI 48909 - 7529
Telephone: (517) 322-1097 Fax: (517) 322-1058
Email: sosirp@michigan.gov Web site: www.Michigan.gov/sos

Account Number	Weight Group	Registration Year	Office Use Only
----------------	--------------	-------------------	-----------------

This form must be completed to meet the International Registration Plan (IRP) requirements for declaring estimated distance. To retain eligibility for IRP registration, a vehicle in the fleet must accrue distance in two or more member jurisdictions.

Actual distance accrued by the registrant for any vehicle in the fleet during the reporting period must be declared when establishing or renewing an apportioned fleet. "Distance" is the miles or kilometers declared for a jurisdiction. "Reporting Period" means the period of twelve consecutive months immediately prior to July 1 of the calendar year immediately preceding the beginning of the registration year for which apportioned registration is sought.

If no travel occurred for a requested jurisdiction during the preceding July 1 through June 30, a reasonable estimate is required to receive registration authority. The percentage factor for any jurisdictions with a second or subsequent year estimate will be calculated over 100%. Estimates should be for a twelve-month projection. However, if one or more jurisdictions have actual distances for less than twelve months, any estimated jurisdictions should be for a similar time frame.

Method 1 – Known Route of Travel (This form may be copied if additional space is needed or attach a separate piece of paper using the same format.)

Column 1: Jurisdiction requiring estimated distance				Column 5: Number of trips per vehicle for this route				Column 7: Number of vehicles traveling this route			
Column 2: Entry location for the jurisdiction				Column 6: Multiply the figure in Column 4 by the figure in Column 5				Column 8: Multiply the figure in Column 6 by the figure in Column 7. Transfer the Total Estimate shown in Column 8 to the Mileage Schedule B			
1. Jurisdiction	2. Entry Location	3. Exit or Destination Location	4. Distance	5. Number of Trips	6. Total Distance	7. Number of vehicles	8. Total Estimate				
				x	=	x	=				
				x	=	x	=				
				x	=	x	=				
				x	=	x	=				
				x	=	x	=				

If the information provided in Method 1 is incomplete or unreasonable, the estimate(s) will be changed to the Method 2 distances. If, at the time of audit, the fleet is found to have actual distances during the preceding year, fees will be reassessed.

Signature: _____ Date: _____

Method 2 – Unknown Route of Travel (Multiply the distance by the number of vehicles to be registered. Transfer the total to the Mileage Schedule B.)

TEMPORARY REGISTRATIONS

TRIP PERMITS (72-Hour Reciprocity Permit)**Michigan Operators Driving Out-of-State**

Michigan operators eligible for apportioned registration must have a trip permit to enter any IRP jurisdiction unless the Michigan vehicle has an apportioned registration with the jurisdiction listed on the cab card.

In most jurisdictions, as long as you meet the member jurisdiction's requirements, your vehicle can be operated intrastate and interstate for the period allowed under the trip permit. However, in Alberta, Arkansas, British Columbia, Iowa, Manitoba, Nebraska, Ontario, and Wyoming, trip permit operation is limited to interstate movement. Prince Edward Island is limited to one entry and one exit.

Out-of-State Operators Driving in Michigan

A 72-hour reciprocity permit is required for the power unit (truck or truck-tractor) of a truck registered in a jurisdiction not reciprocal with Michigan, a truck from a reciprocal jurisdiction but exceeding its maximum GVW while in Michigan, or a truck from an IRP jurisdiction, but without an IRP plate. The permit authorizes 72 consecutive hours of travel in or through Michigan. The fee for each permit is \$20.

The permit is sold only on an emergency basis or infrequent need.

Permits may be purchased:

- 1) At the IRP Unit in Lansing (either in person or by mail), or
- 2) Through the following wire (fax) services:

730 Permits	613-657-1244
Comdata	800-749-6058
Custom Permit	800-669-5014
Fleet One	877-251-7639

State Permits	800-331-4805
T-Chek Systems	877-767-2435
Trans-Mid America	800-228-7577
West Chester Permits	800-734-3544
West Coast Permits	888-737-6483 or California Office 888-737-6488
Xero Fax	800-937-6329

HUNTER'S PERMIT

If an owner-operator has registered in Michigan in a lessee-carrier's name, and the lessee-carrier terminates a lease, the owner-operator may apply for a Hunter's Permit. This permit allows operation of an unladen (empty) vehicle only for 14 days. **TO QUALIFY FOR A HUNTER'S PERMIT, THE LESSEE-CARRIER MUST BE A CURRENT IRP-MICHIGAN REGISTRANT.**

Hunter's permits are available at all Secretary of State Branch offices throughout Michigan.

ENFORCEMENT

Credentials (cab card (registration) and apportioned license plate/tab) must be on the vehicle by your designated expiration date. **There is no grace period.**

EXPIRATION DATE	ENFORCEMENT DATE
September 30	October 1
December 31	January 1
March 31	April 1
June 30	July 1

Michigan carriers going into other jurisdictions should learn those jurisdiction's requirements. A vehicle operating in a jurisdiction without proper registration may be required to pay full registration fees in that jurisdiction. [Appendix F](#) (pages 46-65) is a list of the jurisdictions and their telephone numbers.

Enforcement personnel inspect the original cab card for proper registration verification. The cab card must be carried in the vehicle and must not be mutilated or altered in any way.

NOTE: Enforcement personnel will be comparing the vehicle identification number (VIN) on the vehicle and the cab card. Be careful when you list the VIN number on your application.

VI

AUDITS

A registrant under the IRP is required to keep Operational Records (“Distance Records” below) and use these records to calculate distances that you report on the IRP Application “Distance Schedule B.” A registrant must retain Operational records for the current registration year and for the three prior “distance reporting years.” The “distance reporting year” is the 12 months from July 1 to June 30 before the registration year. For example, for the 2012 registration year, you must keep records beginning with July 1, 2008 and ending June 30, 2011.

It is the responsibility of the person(s) named on the IRP registration, to retain records. Even if you are leased to a company, you must keep your own copy of trip reports, and monthly or quarterly recaps. If you do not have records, you may be assessed the full Michigan fee. The auditors will not obtain your records from the company that you were leased to; that is your responsibility. If the company is out-of-business or no longer has your records, you remain responsible, and will be charged.

A registrant who does not have records, or refuses to comply with the distance reporting requirements shall not be entitled to apportioned registration privileges. An audit may assess additional fees, up to the full Michigan fee. Fees will be billed by the Michigan Department of State, and any fees not paid will be referred to the Michigan Department of Treasury for collection. Until fees are paid, and until you provide adequate records, the IRP Unit will not renew your registration, and your registration may be suspended or revoked.

If your registration is selected for audit, the Michigan Department of State, Internal Security Division, will send you a notice of intent to audit. You will be required to send copies of your records to the auditors. The Internal Security Division will determine whether distances were reported properly on Distance Schedule B. The Internal Security Division will issue an audit report with any changes found. These changes may be assessments, credits, or any other amounts, according to the statute of each jurisdiction involved.

The Michigan Department of State, Internal Security Division, (517) 241-4690, will answer questions about audits and operational records.

DISTANCE RECORDS

Operational records must show:

- The distances traveled in each jurisdiction, and
- The total distance traveled.

Examples of such detailed records are:

- Trip sheets, or
- Individual Vehicle Distance Records (IVDR) (http://www.michigan.gov/documents/IRPFuel-DistanceReport_75162_7.pdf).

Detailed records **must** contain the following items:

1. Date trip started,
2. Date trip ended,
3. Where trip began,
4. Where trip ended,
5. Route taken (odometer reading at the beginning of the trip),
6. Total trip distance (odometer reading at the end of the trip including all movement loaded, empty, deadhead, and bobtail distance),

Audits (*continued*)

7. Distance in each jurisdiction,
8. Unit number or vehicle identification number (VIN),
9. Vehicle fleet number as shown on IRP application,
10. Registrant's name,
11. Trailer number, and
12. Driver's signature.

Record these items for each vehicle movement. Explain all time lapses in vehicle movement.

Computer records, monthly and quarterly reports, and fuel tax reports are summaries of the detail records. They will be used in the audit and must be supported by the detail records.

Trip leases during the distance reporting period must be attached to the detail records. Distance operated under trip permits must be included, and the trip permits must be attached to the detail records.

Please see sample of an Individual Vehicle Distance and Fuel Report. You may request these forms through the IRP Unit at (517) 322-1097 or print a form by visiting our state web site at www.Michigan.gov/sos. Choose the IRP option under Other Business Services.

INDIVIDUAL VEHICLE DISTANCE AND FUEL REPORT
(Must be kept by driver for each trip)

License Year _____

1. The Individual Vehicle Distance and Fuel Report must account for all distance traveled and all fuel received.
2. If you use a substitute vehicle, prepare a separate Individual Vehicle Distance and Fuel Report to account for the distance traveled and fuel received by the substitute vehicle.

Account Number		Registrant Name (Printed)		Address		Driver's Name (Printed)		Signature

4															
5															
6															
7															
8															
				End Odometer _____ Beginning Odometer _____ Total Distance _____		Total Trip Distance _____		Total Fuel _____							

This form must be kept by the driver. Each item must be completed. Enter name of jurisdiction in which trip begins on Line 1, Column 2. Enter odometer reading at beginning of trip on Line 1, Column 5. Record name of next jurisdiction entered and odometer reading on Line 2, Column 2 and 5, etc. Record distance traveled in each jurisdiction in Column 6. The difference between the "end odometer" reading in Column 5 should agree with total trip distance recorded in Column 6. If hubodometer distances are used, enter in Column 5, and indicate with "HUB".

THIS FORM MAY BE REPRODUCED

APPENDIX A

** DEFINITIONS **

Applicant –

A person in whose name an application is filed for registration under the International Registration Plan (IRP).

Apportionable Fee -

Any periodic, recurring fee or tax required for licensing or registering vehicles, such as, but not limited to, registration fees, license, or weight fees.

Apportionable Vehicle -

Any vehicle used or intended for use in Michigan and one or more IRP member jurisdictions and used to transport persons for hire or designed, used, or maintained primarily to transport property and:

- Is a power unit with two axles and a gross vehicle weight, or registered gross vehicle weight, in excess of 26,000 pounds; or
- Is a power unit with three or more axles, regardless of weight; or
- Is a combination of vehicles with a combined gross vehicle weight over 26,000 pounds.

Vehicles or combinations thereof, with a gross vehicle weight of 26,000 pounds or less and two-axle vehicles and buses used in transportation of chartered parties may be proportionally registered at the option of the registrant.

Axle –

An axle is defined as a vehicle assembly consisting of two or more wheels connected by a supporting shaft, transmitting a part of the weight of a vehicle and its load, if any, to the road. For registration purposes, an assembly is an “axle” even if it is load bearing only part of the time. For example, a single unit truck, with a steering axle and two axles in a rear-axle assembly is an apportionable vehicle, even though one of the rear axles is a so-called “dummy”, “drag”, “tag”, or “pusher” type axle.

Axle Weight -

Axle weight is defined as the weight on the surface by one axle or a combination of axles in a tandem assembly.

Base Jurisdiction -

An applicant may elect as its base jurisdiction any member jurisdiction where the applicant has an established place of business, where the fleet the applicant seeks to register under the plan accrues distance, and where the operational records of the fleet are maintained or can be made available.

An applicant that does not have an established place of business in any jurisdiction may designate as a base jurisdiction any member jurisdiction where the application can demonstrate residence, where the fleet the applicant seeks to register under the plan accrues distance, and where operational records of the fleet are maintained or can be made available.

Definitions (*Continued*)

To establish residence in a member jurisdiction, an applicant must demonstrate to the **satisfaction of the member jurisdiction** at least three of the following:

- If the applicant is an individual, that his or her driver's license is issued by that jurisdiction
- If the applicant is a corporation, that it is incorporated or registered to conduct business as a foreign corporation in that jurisdiction
- If the applicant is a corporation, that the principal owner is a resident of that jurisdiction
- That the applicant's federal income tax returns have been filed from an address in that jurisdiction
- That the applicant has paid personal taxes to that jurisdiction
- That the applicant has paid real estate or personal property taxes to that jurisdiction
- That the applicant receives utility bills in that jurisdiction in its name
- That the applicant has a vehicle titled in that jurisdiction in its name, or
- That other factors clearly evidence the applicant's legal residence in that jurisdiction

Base Plate -

The plate issued by the base jurisdiction. No other registration plate will be issued by any other member jurisdiction.

Base plates have the word "APPORTIONED" or "PRH" and the issuing jurisdiction's name on the license plate.

Cab Card -

A cab card is defined as a registration card issued by the base jurisdiction for an apportioned vehicle. The cab card identifies the vehicle, base plate, registered weight by jurisdictions, and lists the jurisdictions where the vehicle is registered.

Carrier -

An individual, partnership, or corporation engaged in the business of transporting goods or persons.

Chartered Party -

A group of persons who, pursuant to a common purpose and under a single contract, and at a fixed charge for the vehicle in accordance with the carrier's tariff, lawfully with the Interstate Commerce Commission, have acquired the exclusive use of a passenger-carrying motor to travel together as a group to a specified destination or for a particular itinerary, either agreed upon in advance, or modified by the chartered group after having left the place of origin.

Combination -

A power unit used in combination with trailers, semi-trailers or converter gears.

Combined Gross Weight -

Combined gross weight is defined as the total weight of the power unit, trailer, and the maximum load.

Definitions (*Continued*)

Commercial Vehicle -

Any vehicle operated to transport persons or property for commercial or industrial enterprise, either for hire or not for hire.

Commissioner -

In Michigan, the jurisdiction official in charge of registration of vehicles is the Secretary of State.

Converter Gear -

An auxiliary under-carriage assembly with a fifth wheel and tow bar used to convert a semi-trailer to a full trailer (sometimes called a "converter dolly" or auxiliary axle).

Credentials -

The cab card (registration) and apportioned plate/tab issued for vehicles registered under the apportioned registration program.

Deadhead -

To operate a commercial vehicle from one point to another without transporting any type of cargo.

Double-Bottom Combination -

A double-bottom combination is defined as a combination of a power unit pulling two (2) semi-trailers or a semi-trailer and a full trailer.

Established Place of Business –

A physical structure located within the base jurisdiction that is owned or leased by the Applicant or Registrant and whose street address shall be specified by the Applicant or Registrant. This physical structure shall be open for business and shall be staffed during regular business hours by one or more persons employed by the Applicant or Registrant on a permanent basis (i.e., not an independent contractor) for the purpose of the general management of the Applicant's or Registrant's trucking-related business (i.e., not limited to credentialing, distance and fuel reporting, and answering telephone inquiries). ***The base jurisdiction may accept information it deems pertinent to verify that an Applicant or Registrant has an established place of business within the base jurisdiction.***

Fifth Wheel -

A fifth wheel is defined as a device that connects a truck tractor or converter gear to a semi-trailer.

Fleet -

A fleet is defined as one or more apportionable vehicles. The group of jurisdictions being apportioned for determines a fleet.

Gross Vehicle Weight -

The weight of the vehicle without load, plus the weight of any load thereon.

Definitions (*Continued*)

I.C.C. -

I.C.C. is an abbreviation for the United States Interstate Commerce Commission.

International Registration Plan (IRP) -

An agreement between Michigan and other jurisdictions for prorating fees between jurisdictions based on fleet distance traveled in each jurisdiction.

Interstate Operations -

Interstate operations are defined as vehicle movement between or through two or more jurisdictions.

Intrastate Operations -

Intrastate operations are defined as vehicle movement from one point within a jurisdiction to another point within the same jurisdiction.

I.V.D.R. -

I.V.D.R. is an abbreviation for Individual vehicle distance records.

Jurisdiction –

A jurisdiction is defined as a state, territory, or possession of the United States, the District of Columbia, or a province of Canada.

Lease -

A lease is a written document giving exclusive possession, control of, and responsibility for a vehicle's operation to the lessee for a specific time period. A long-term lease is for a period of 30 calendar days or more. A short-term lease is for a period of less than 30 calendar days.

Lessee -

A lessee is a person, firm, or corporation having the legal possession and control through a lease agreement of a vehicle owned by another.

Lessor -

A lessor is a person, firm, or corporation who through a lease gives the legal possession, control of, and responsibility for the vehicle's operation to another person, firm, or corporation.

Long Term Lease -

A long term lease is defined as a lease covering 30 calendar days or more.

Member Jurisdiction -

Member jurisdictions are States of the United States and Provinces of Canada, which are members of the International Registration Plan.

Definitions (*Continued*)

Mileage (Distance) -

In-Jurisdiction Distance - The distance operated by a fleet of proportionally registered vehicles in a jurisdiction during the reporting period or the distance estimated to be operated by a fleet in a particular jurisdiction for the registration year. In those cases where the registrant operated a fleet of proportionally registered vehicles in jurisdictions that require no apportionment and grant reciprocity, Michigan adds that distance to the Michigan in-jurisdiction distance.

Total Distance – Means all distance, including that accrued on trip permits, operated by a fleet of apportioned vehicles in all member jurisdictions during the reporting year.

Motor Carrier -

An individual, partnership, or corporation engaged in the transportation of goods or people.

Common Carrier - Any motor carrier that holds itself out to the general public to engage in the transportation by motor vehicle of passengers or property for compensation.

Contract Carrier - Any motor carrier transporting persons or property for compensation or hire under contract to a particular person, firm, or corporation.

Exempt Carrier - An individual partnership, or corporation engaged in the business of transporting exempt goods or persons for compensation.

Private Carrier – A person, firm, or corporation that uses its own trucks to transport its own freight.

Motor Vehicle Types -

Bus (BS) - A motor vehicle designed for carrying 17 or more passengers and used to transport persons for compensation.

Mobile Home Toter (MT) - Every motor vehicle designed and used for drawing other vehicles and not so constructed as to carry any load thereon either independently or any part of the weight of a vehicle or load so drawn. *NOTE: A modular pulled on a trailer is required to register with a gross vehicle weight in Michigan. You must let us know if you are pulling a modular unit on a trailer so that we can properly register your vehicle.*

Road Tractor/Wrecker (RT/WR) – A truck with a hoist, towing apparatus, or self-loading flatbed, or any combination of these items, permanently affixed to the truck, used to transport not more than 2 vehicles, except for a motor vehicle equipped with a fifth wheel or a motor vehicle that tows the second vehicle on a trailer.

Tractor (TR) - A motor vehicle designed and used primarily for drawing other vehicles, but not so constructed as to carry part of the load on the tractor itself.

Truck (TK) - Every motor vehicle designed, used, or maintained primarily for the transportation of property.

Truck Tractor (TT) - A motor vehicle designed and used primarily for drawing other vehicles, but so constructed as to carry a load other than a part of the weight of the vehicle and load so drawn (example: car hauler).

Definitions (*Continued*)

Operational Records -

Documents supporting distance traveled in each jurisdiction and total distance traveled such as IVDRs (Individual Vehicle Distance Record), fuel reports, trip sheets, and logs, including those which may be generated through on-board recording devices and maintained electronically.

Preceding Reporting Year -

July 1 - June 30 period that immediately proceeds the registration or license year for which proportional registration is sought.

Proportion -

A part or share in its relation to the whole. (Used synonymously with apportion, which means to divide and distribute proportionally.)

Reciprocity -

Exemption from further registration by a bilateral jurisdiction of an apportionable vehicle properly registered under the agreements.

Recreational Vehicle -

A vehicle designed or converted and used for personal pleasure or travel by an individual or family. This vehicle cannot be used in connection with any commercial endeavor.

Registered Weight -

Registered weight is defined as the weight for which a vehicle or combination of vehicles have been licensed or registered within a particular jurisdiction.

Registrant -

A person, firm, or corporation in whose name or names a vehicle is properly registered.

Registration Year -

A registration year is defined as the twelve-month period during which the registration plates issued by the base jurisdiction are valid according to the laws of the base jurisdiction. Michigan's registration year is staggered (refer to page 15).

Rental Fleet -

Vehicles a rental owner designates as a rental fleet which are rented with or without drivers.

Residence –

“Residence” means the status of an Applicant or Registrant as a resident of a member jurisdiction.

Definitions (*Continued*)

Restricted Plate -

A plate that has time (3-month, 6-month, partial year), geographic area, distance, or commodity restrictions (farm, log, or dealer plate) or a mass transit or other special plate issued for a bus leases or owned by a municipal government, a state or provincial transportation authority, or a private party, and operated as part of an urban mass transit system, as defined by the jurisdiction that issues the plate.

Reporting Period –

The period of twelve consecutive months immediately prior to July 1 of the calendar year immediately preceding the beginning of the registration year for which apportioned registration is sought. If the registration year begins on any date in July, August, or September, the reporting period shall be the previous twelve-month period.

Service Representative -

A service representative is defined as a person that furnishes facilities and services, including sales, warehousing, motorized equipment, and drivers under contract or other arrangement to a motor carrier for the transportation of household goods.

Short Term Lease -

A short term lease is a lease that covers less than 30 days.

Trailers (non-powered units) -

Full Trailer - A vehicle without motive power, designed for carrying persons or property and for being drawn by a motor vehicle and so constructed that no part of its weight and that of its load rests upon or is carried by the towing vehicle (example: pup trailer).

Semi-Trailer - A vehicle without motor power designed to be drawn by a motor vehicle and is constructed so that a part of its weight rests upon or is carried by a towing vehicle.

Trip Lease -

The lease of a vehicle to a lessee for a one-trip operation only.

Trip Permit -

A temporary permit issued by a member jurisdiction in lieu of apportioned or full registration.

Unladen Weight -

The weight of the vehicle fully equipped for service excluding the weight of any load.

Vehicle –

A device used to transport persons or property on a highway, but does not include devices moved by human power or used exclusively upon rails or tracks.

APPENDIX B

**** OPERATIONS ****

OWNER-OPERATOR VEHICLES

Proportional registration for owner-operators may be accomplished in one of the following procedures:

- ❖ The owner-operator (lessor) may be the registrant and the vehicle may be registered in the name of the owner-operator. The allocation of fees shall be according to the operational records of the owner-operator. The plate and cab card shall be the property of the lessor; or
- ❖ The lessee may be the registrant at the option of the lessor and the vehicle may be registered by the carrier, but in both the owner-operator's name and that of the carrier as lessee, with allocation of fees according to the records of the carrier. The plates and cab cards shall be the property of the lessee.

LEASED VEHICLES

- ❖ An apportioned operator may temporarily lease equipment to another apportioned fleet operator and the lessor shall be responsible for reporting on the proportional application the distance traveled by the leased equipment. The lessee shall be the person using and operating the equipment by the lease agreement. The lease vehicle must bear proportional credentials and be operated only in the jurisdictions to which fees have been paid, or a trip permit will be required.
- ❖ Full-fee Michigan carriers may temporarily lease proportionally registered vehicles bearing proper Michigan credentials, provided the apportioned carrier reports the distance traveled while the equipment is under lease. The Michigan full-fee carrier must send a report of distance traveled by the lease equipment to the apportioned carrier.
- ❖ An apportioned vehicle may be leased to a non-apportioned carrier. The lessor shall be responsible for reporting the distance traveled by the leased equipment. The leased vehicle must bear proportional credentials and can be operated in Michigan only if fees have been paid to Michigan, otherwise a trip permit will be required.
- ❖ A copy of the lease agreement must be submitted to the IRP Unit when renewing an IRP account and when adding a leased vehicle to an account.

HOUSEHOLD GOODS CARRIER

Household Goods Carriers, using equipment leased from service representatives, may elect to base such equipment in the base jurisdiction of the service representative, or that of the carrier.

If the base jurisdiction of the service representative is selected, the equipment shall be registered in the service representative's name, and the Household Goods Carrier shall be indicated as lessee. The apportionment of fees shall be according to the combined distance records of the service representative and those of the carrier. Such records must be kept or made available in the service representative's base jurisdiction.

If the base jurisdiction of the Household Goods Carrier is selected, the equipment shall be registered by the carrier and the service representative shall be designated as lessor. The apportionment of fees shall be according to the distance records of the carrier and the service representative, which must include intrastate distance operated by those vehicles. The records must be kept or made available in the base jurisdiction of the carrier. Service representatives, properly registered under this selection, shall be fully registered for operations under their own authority, as well as under the authority of the carrier.

BUSES

Common carriers of passengers must apportion registration unless the bus is used exclusively for charter.

At the option of the registrant, the total distance required on the application may be the actual distance traveled in all the jurisdictions. Or, the total distance may be a sum equal to the scheduled route distance in each jurisdiction from the farthest point of origin to the farthest point of destination of the scheduled pool.

Common carriers of passengers having any doubt as to whether they should file an Apportioned Registration Application should contact the Michigan Department of State IRP Unit (517) 322-1097 for assistance.

New Jersey	80,000	80,000	80,000
New Mexico	86,400	80,000	80,000
New York	80,000(8)	80,000	Unlimited (16)
Newfoundland	137,786 (62,500 kg)	137,786 (62,500 kg)	137,786 (62,500 kg)
North Carolina	80,000	80,000	80,000
North Dakota	80,000 (16) (17)	105,500	105,500 (12)
Nova Scotia (see page 42)	58,500 (kg)	58,500 (kg)	58,500 (kg)
Ohio	80,000	80,000	80,000
Oklahoma	90,000 (9)	90,000	90,000
Ontario	139,992 (63,499 kg)	139,992 (63,499 kg)	139,992 (63,499 kg)
Oregon	105,500 (8)	105,500 (8)	105,500

Jurisdiction Name	Interstate Highways	Non-Interstate Highways	Max. Registered Weight On Cab Card
Pennsylvania	80,000	80,000	80,000
Prince Edward Island	137,788 (62,500) (20)	----	137,788 (62,500 kg)
Quebec (see page 42)			
Rhode Island	80,000	80,000	80,000
Saskatchewan	137,787 (62,500 kg)	n/a	137,787 (62,500 kg)
South Carolina	80,000	80,000	80,000
South Dakota	80,000 (8)	Unlimited (18)	Unlimited (18)
Tennessee	80,000	80,000	80,000
Texas	80,000	80,000	80,000
Utah	129,000 (19)	80,000	80,000 (19)
Vermont	80,000	80,000	80,000
Virginia	80,000 (8)	80,000 (8)	80,000
Washington	105,500	105,500	105,500
West Virginia	80,000	80,000	80,000
Wisconsin	80,000	80,000	80,000
Wyoming	117,000 (21)	117,000	117,000
*Requires an extended weight permit			
See pages 43 and 44 for explanation of numbers in parentheses.			

Nova Scotia:

Maximum weight allowed is determined by axle configuration (i.e. weight of steering axle, number of axles, axle spacing).

<u>Configuration</u>	<u>Maximum Weight</u>
A - Single Axle Truck	17,100 kg/38,000 lbs
B - Tandem Truck	26,000 kg/57,000 lbs
C - Tandem/ Tandem Truck	34,000 kg/75,000 lbs
D - Single Axle Truck (model year 2003 & newer) & Single Axle Trailer	23,700 kg/52,000 lbs
D - Single Axle Truck (model year 2002 & older) & Single Axle Trailer	26,200 kg/58,000 lbs
E - Single Axle Truck (model year 2003 & newer) & Tandem Axle Trailer	32,600 kg/72,000 lbs
E - Single Axle Truck (model year 2002 & older) & Tandem Axle Trailer	35,100 kg/77,000 lbs
F - Tandem Axle Truck (model year 2003 & newer) & Single Axle Trailer	32,600 kg/72,000 lbs
F - Single Axle Truck (model year 2002 & older) & Single Axle Trailer	35,100 kg/77,000 lbs
G - Tandem Truck (2003 & newer) & Tri-axle Trailer (2003 & newer)	41,500 kg/91,000 lbs
G - Tandem Truck (2003 & newer) & Tri-axle Trailer (2002 & older)	49,500 kg/109,000 lbs
G - Tandem Truck (2002 & older) & Tri-axle Trailer (2003 & newer)	44,000 kg/97,000 lbs
G - Tandem Truck (2002 & older) & Tri-axle Trailer (2002 & older)	52,000 kg/114,000 lbs
H - A Train Double (8 Axles)	49,500 kg/109,000 lbs
I - B Train Double (8 Axles)	58,500 kg/129,000 lbs
J - C Train Double (8 Axles)	54,500 kg/120,000 lbs

Maximum weight that can be shown on the cab card is the maximum weight allowable as determined above.

Quebec:

32,000 kg maximum operating weight for a single truck

55,500 kg maximum operating weight for tractor with semi-trailer

53,500 kg maximum operating weight for double train type A or C

59,000 kg maximum operating weight for double train type B

NOTE: The maximum allowable weight of a truck/trailer, tractor/trailer or semi-trailer and load is governed by provincial formula based on number, location and spacing of axles.

Enforcement of axle requirements takes place at vehicle inspection stations or on the highways at which time the number, location and spacing of axles becomes criteria which must be met in addition to the number of axles shown on the registration certificate/cab card.

Maximum registered weight on cab card: 6 axles+

Overweight permit needed over 62,500 kg (137,500 lbs)

For further information regarding types A, B, and C, please contact:

Francois Janelle
Quebec Department of Transport
Telephone: 418-644-5593, ext.2371
Fax: 418-528-5670

Michel Lachance

Fax: 418-644-9072

EXPLANATIONS OF NUMBERS

- (1) *129,000 (pilot project only – not allowed on interstates)
106,000 unless operating under the pilot project then max of 130,000 (Idaho registers in 2,000 pound increments which may be more than you can legally haul.

Exceeding 80,000 on the interstate with reducible loads requires an annual excess weight permit and being registered for the max legal weight.

Exceeding 80,000 on the non-interstate highways with reducible loads requires being registered for the max legal weight but non excess weight permit is required.

*Operating under the pilot project with reducible loads, requires a separate pilot project permit and being registered for the max legal weight up to 129,000. Do not register for more than 106,000 unless you have permission and permits to operate under the pilot project.

Vehicles hauling non-reducible loads are not required to register for the maximum weight they will be hauling. They must purchase an overweight permit (annual or single trip) when exceeding the legal axle and/or gross weights allowed and operating on interstate and non-interstate highways.

- (2) The maximum weight permitted in the jurisdiction is 80,000 pounds. Therefore, no more than 80,000 pounds should be indicated on the IRP cab card.
- (3) Weights must be reflected on the cab card (83,400 lbs for Interstate and 88,000 lbs for non-interstate) in order to qualify for an overweight permit.
- (4) On certain designated highways, the maximum allowable weight is 80,000 pounds.
- (5) For non-divisible loads, the carrier must comply by one of the following alternatives:
- a. Register in an IRP base jurisdiction for the maximum legal weight. Register in Minnesota for at least 80,000 pounds, and obtain a 30-day temporary weight increase from the Minnesota Department of Public Safety, Prorate Office, and must obtain a permit from DOT.
 - b. Register in Minnesota for the weight to be carried and have the weight indicated on the registrant's IRP cab card that is issued by base jurisdiction and obtain an overweight permit.

Regardless of which alternative is taken, the registrant is still required to obtain the overweight permit.

- (6) The vehicle must be registered for the maximum legal weight as determined by the Montana axle formula chart.

Explanations of Numbers (*Continued*)

- (7) Vehicles and a combination of vehicles may be operated on all highways, excluding the interstate system, at 94,000 pounds combined gross weight. In most cases, an overweight permit is required for weights exceeding 80,000 pounds.
- (8) For weight in excess of 80,000 pounds, an overweight/special permit is required.
- (9) Annual permit or single trip permits required over 80,000 lbs. Using the annual permit or single trip permit, vehicles and a combination of vehicles may be operated on all highways, including the interstate system, at 90,000 pounds.
- (10) This weight includes the tolerance permitted on the registration. Indivisible loads are registered for actual weight in Iowa. There is no limit to the maximum weight that can appear on the Iowa cab card.
- (11) The vehicle must qualify for the maximum legal weight as determined by the Alberta maximum weight schedule.
- (12) Non-interstate, non-designated highways have a maximum gross weight of 80,000 pounds.
- (13) Overweight permits are limited to the weight shown on the cab card for Connecticut. Exceeding registered weight is not permissible, even with an overweight permit. The statutory weight limits in Connecticut for single unit vehicles are 53,800 pounds on three (3) axles and 73,000 pounds on four (4) axles, and 80,000 pounds on a tractor/trailer combination with five (5) axles. If the weight exceeds these statutory limits, an overweight permit is required from the Connecticut Department of Transportation.
- (14) For weight in excess of 80,000 pounds, the cab card will read "QUAL".
- (15) Effective January 1, 1990, Oregon maximum weight on the cab card will be 105,500 pounds, with a special permit required for weights over 80,000 pounds.
- (16) A special permit may be purchased to operate over 80,000 pounds on an interstate system.
- (17) Over 80,000 pounds must meet North Dakota's requirements of tire size, axle limitations, and bridge formula.
- (18) Over 80,000 pounds must meet South Dakota's requirements of tire size, axle limitations, and bridge formula.
- (19) On divisible and non-divisible loads with overweight permit.
- (20) Over weight permits are issued for indivisible loads. Carriers must apply. Permits not issued for divisible loads, carrier fined and must off-load excess weight.
- (21) Overweight permit required over 117,000 lbs.

UNLESS ORDERED IN ADVANCE FROM THE JURISDICTION INVOLVED, THERE MAY BE A CHARGE IN ADDITION TO THE JURISDICTION'S FEE.

CRITERIA FOR IRP LICENSE PLATE REFUND REQUESTS

Make your license plate refund requests on the License Plate Refund Request form (form A-226). You may obtain the form at any Secretary of State office, or by calling the Michigan IRP office at (517) 322-1097.

Mail your completed request to:
Michigan Department of State - Finance
Refund Unit
7064 Crowner Drive
Lansing, MI 48918

NOTE: The license plate and/or tab and the original corresponding registration must always be surrendered with any request for a refund.

The following situations are the only legal basis for an IRP refund:

Dual Registration

If by error an owner purchased more than one Michigan registration for the same vehicle covering the same time period, a refund can be applied for on the last license plate or tab purchased. Send a copy of the registration you are currently using.

Vehicle Sold Before the License Plate or Tab is Attached

When an owner transfers or assigns title, or interest in the vehicle before using a new plate or tab (either original or renewal), a refund can be applied for. The unused tab and/or plate must be returned to the Department of State within 30 days following the date of transfer or assignment.

Suspension of Driver License

If a vehicle owner's driver license is suspended for a physical or medical reason, they can submit a doctor's statement and apply for refund covering the time remaining on the license plate.

Death of Vehicle Owner

If a vehicle owner dies, only the surviving spouse can submit a death certificate and the plates to apply for a refund of fees for the time remaining on the decedent's license plate.

GVW Credit

If GVW credit is not given when an original IRP registration is purchased, a request can be made for a refund of the credit. Send the GVW plate, original GVW registration and copy of IRP bill showing payment validation. NOTE: Credit is limited to the Michigan portion of the IRP registration and limited to the unused portion of the GVW registration.

JURISDICTION MAP
